Reasons For Allowance

None of the disclose alone or in combination an optical system of optical fiber from the light source to the optical integrated circuit **except for the polarization maintaining optical fiber of its length L**, that is constructed by a single mode optical fiber along with other limitation of the claim as claimed in claim 1. Since claims 2-4 depend on claim 1 thus, claims 1-4 are allowed over the prior art as of record.

The closest reference is Szafraniec et al (US Publication no. 2003/0123064), which fail to disclose an optical system of optical fiber from the light source to the optical integrated circuit **except for the polarization maintaining optical fiber of its length L** that is constructed by a single mode optical fiber.
